Jack Hall Resigns Post

Mass Meetings Scheduled

A bunch of the bohemes were whooping it up on campus this week discussing means of copping the $15 first prize for costumes at the "Bohemian Ball" tonight.

Sam Hiona, Sharon Boyle, Joan Ruggerio and Joan Erickson will be among those bidding for the original costume award at the Sophomore Class shindig at Garibaldie Hall, 411 Broadway, 9-1 a.m.

'Bohemian Ball' Hop Tonite Features Costume Contest

Halloween Provides Motif for Annual Sophomore Social Event in Picturesque North Beach

Costume originality will win a $15 prize for the most unusual couple tonight at the "Bohemian Ball," presented by the Sophomore class. The event will take place from 9 p.m. until 1 a.m. in a Bohemian and Halloween atmosphere at Garibaldie Hall, 411 Broadway, located in the heart of North Beach.

Although Costume dress is optional, **"There is good reason,"** states Soph-President Jim Shettler, **"for everyone to strive to make their costume the best, because their efforts will be rewarded with a $15 first prize and $10 second prize in cash."**

Class officers in charge of the ball are Jim Shettler, president; Barbara Ebner, vice president and Nancy Langley, secretary-treasurer.

Dick Layne is the designer of the bids which are being sold on campus and at the dance for the price of $2 a couple. Joan Erickson and Joan Ruggiero are in charge of selling the tickets.

Barbara Ebner is in charge of the refreshments consisting of cake, sandwiches and punch, which will be served without charge.

Other committee heads are Barara Beardsley, cloak room; Levell Holmes, floor chairman; Dick Layne, publicity; and Ray Truman, clean-up.

Lt. Col. and Mrs. F. McCarthy, Mr. and Mrs. Richard Glyer and Miss J. Bunnell are to be sponsors for the dance.

Music for the "Bohemian Ball" will be provided by Dale Alstrom's band.

Hui O Aikane Club Plans Native Luau

A Hawaiian Luau, featuring authentic Hawaiian delicacies, will be held in the old campus gym, November 10 at 7 p.m.

Lau-Lau, (Pork, fish, vegetables) Kalua Pig, (Earth-baked) Poi, Lomi Salmon and other dishes will comprise part of the menu for the annual Hiu O' Aikane feat. The

A gala evening of entertainment, featuring Ilima Baker, noted Hawaiian singer, will follow the meal. In addition to Baker, club members and talent from Stanford, California, Santa Clara, San Jose, USF, and San Mateo J.C. will present native entertainment. Dances, ancient and modern, will be performed, including bamboo, gourds and ipos, (big gourds) and the provocative hula.

Tickets may be purchased on a reservation basis, from members of the Hui O' Aikane at $2 a person. Both faculty and students are cordially invited to attend.

'Potpourri' to End Drama Series; Last Production in Frederic Burk

"Potpourri," a theatre cocktail with equal parts of murder, wit and farce, promises to be a fitting climax to a long line of successes.

Rehearsals are now under way for the final College Theatre production of the semester. "Potpourri," to be presented November 12, 13, 14, will also be the last production to be held in Frederic Burk auditorium, since the Drama Department moves to its new location at the new campus in the Spring.

Directed by members of the faculty, Mr. Richard Glyer, Mr. Jules Irving and Mr. Ralph McCormic, they present a cast of 15 in an evening of entertainment. This is the finale to seven years of dramatic endeavor which featured such hits as "The Hasty Heart," "Joan of Lorraine," "Ladies in Retirement," "The Little Foxes," and "The Time of Your Life," as well as the annual "Kampus Kapers."

Plans are being made to make this farewell to Frederic Burk a tremendous success. Tickets will go on sale November 3rd. There will be no increase in admission.

Increase Membership Of Publications Board

The Board of Directors last Tuesday passed a new and revised charter for the Board of Publications.

The new charter increases the membership of the Board from ıve to seven members, and makes provisions for emergency situations in publications.

Poll Freshman On Orientation Today

In a wave of reaction to recent news developments, two mass meetings were called this week.

After a stormy session over Frosh Camp last week by the Evaluation committee on orientation, coupled with the resignation of Activities Commissioner Jack Hall, ASSFSC President Bert Phillips took immediate action.

Today, at 1:30 p.m., a mass meeting of the freshman class will take place in the College Union Dining Hall, dining room 'B'.

Slated to speak on Frosh Camp will be George Poquette, on-campus orientation head this year and also president of the Club Advisory Association.

Phillips scheduled a meeting or next Tuesday, which members of the student body are urged to attend.

The new campus men's gymnasium will be the site on Tuesday, November 1, at 1 p.m. for the general student body gathering.

Acting as moderator, Bert Phillips, will ask students to air their particular grievances on campus conditions.

President Bert Phillips stated that students may air such complaints as on-campus parking, budget allocations, Frosh Camp, and problems arising from the switch to the new campus.

Helping to answer questions about the Associated Students will be members of the Board of Directors. Mr. Harry Brakebill, business manager of the college, will answer questions directed at the administration.

The freshman meeting is being held to determine freshman opinion on the general orientation program. Opportunity will be given for suggestions or criticism of the program to aid the Evaluation Committee's planning.

Activities Official Quits; Election Due

In a surprise move, Activities Commissioner Jack Hall resigned last Tuesday from student government for "personal reasons."

Reluctantly accepting his resignation, the Board of Directors ruled that in the interim period preceding the emergency election, the three assistant Activity Commissioners, Karl Knuth, Bev Greenberg and Mary Courtney, will handle the position.

In his letter of resignation, Jack Hall stated. "It is only after long consideration and utmost regret that I choose to resign."

Hall added, "This case involves a matter of sacrificing a major position in student activities to devote more time toward a satisfactory scholastic average and financially beneficial part-time employment."

BOARD OF DIRECTORS

After acceptance of his resignation by the Board of Directors Hall commented, "I am in favor of the Board's decision and believe that in the long-run, the work could be more ably performed by someone who can devote more time to activities."

Under the by-laws of the constitution, an election must be called within 21 days to elect a new officer to the post.

COORDINATOR

The Activities Commissioner is the coordinating officer for Associated Students activities.

The office, held last year by President Bert Phillips, is charged with planning official functions of the ASSFSC including; Homecoming, State Fair, and rallies. In addition, on-campus publicity is a segment of the activity office.

All members of the student body are eligible to vote in the election.

The Board of Directors, as yet, has not set a date for the special elections.

JACK HALL

State Speakers in Discussion Tourney

Four State students opened the Forensic season by entering the first Discussion Tournament held at Menlo Park Junior College. Participating with speakers from 11 Northern California colleges and universities, the State team acquitted itself with honors.

In the upper division round was Chan Meloy, president of the Speakers Bureau. In lower division rounds were Irving Zimmer, Bob Crozier, and Masha Zakheim.

Warren Gustafson and Allen Trimble entered the second round robin debate series at College of Pacific last Tuesday with debaters from COP and Fresno State.

FROSH OFFICERS

Pictured below are the newly-elected Frosh officers elected during the recent election.

L. to R. they are: Dawn Yaley, vice-president; Bonne Baltsen, rep-at-large; George Katayama, president; Sue Benjamin, rep-at-large; Barbara Swanson, secretary-treasurer and Carol Bondshu, rep-at-large

Katayama Cops Top Frosh Spot In Final Race for Class Office Elections

After scoring a victory over Frank Williams in last week's election, new freshman President George Katayama's first official act was the calling of a meeting of the freshman class, to day.

In the election Dawn Yaley, garnered enough votes to defeat Robert Hemp for vice president; and Barbara Swanson did likewise in winning the secretary-treasurer post over Betty Brown.

Describing the voters as "real nice," President Katayama stated that freshman class activities in the works include a baby picture contest, frosh-soph brawl, and an inter-collegiate freshman picnic.

Already elected two weeks ago, Representatives at-Large Carol Bondshu, Susan Benjamin, and Bonnie Baltsen, will serve on the Board of Directors as freshman spokesmen.

"It's quite an honor," Vice-President Yaley, exclaimed, "and I'm very happy I got elected." The freshman officer added: "We're going to try to do the greatest work this semester!"

Barbara Swanson, secretary-treasurer, described herself as "surprised and happy."

The election totals showed that less than 300 freshmen voted, or less than 19 per cent of the total freshman registration.

Elementary Career Ambition Of Vice-President Benefield

CAROL BENEFIELD

"I have wanted to be a teacher since grammar school." stated Carol Benefield, vice president of the Associated Students.

Carol came to San Francisco State from Tamalpais Union High school to prepare for a career in teaching. After graduating this year, she plans to teach in an elementary school in Marin county.

Carol has done much at State in the four years she has been here. Besides being vice president of the student body she has been a yell leader for the past three years and has served as president and treasurer of her sorority, Kappa Theta.

To the new and incoming students Carol states, "You are fortunate in having such a beautiful campus to spend four years, but as a senior I miss the old campus."

"The atmosphere is friendly and the teachers are excellent," she said simply. "I value most of all the friendships made at college and I hope they will stay with me the rest of my life."

Boiler Room Letters

This is just hasty note I felt that I had to write, and will probably voice the opinions of most fellow Staters.

How come, if the College Union is a non-profit organization, that the food served is inferior and more costly than most profit-run cafeterias? I think this problem needs immediate action, and until the time comes when the prices are lowered, I will continue to eat at Stonestown!

Ivor Lemaire
Act. Card No. 652

You are perhaps right about the high cost of food, but you will probably find some argument about the quality. It is difficult to find better food in a commercial cafeteria. Efforts are being made at the present time to lower food costs in the Dining Hall. —Ed.

Anybody Seen The Flag Pole

Many Staters have been noticing that the new "million-dollar" campus is definitely lacking that "necessary something that is certainly everything"—a flag pole!

The Stars 'n Stripes, we've been told, are yet to wave at State College. Whatever you do, don't tell Sen. McCarthy!

Stonestown's Stoneson Pays Visit to Campus

Mr. Henry Stoneson, president of the Stoneson Development Corporation, visited the campus on Friday, October 16. Mr. Stoneson was accompanied by Miss Ruth Lusch, director of public relations, and Mr. Arthur Schumacher, administrative assistant for the corporation. Following a meeting with President Leonard, Mr. Stoneson and his group inspected the campus facilities with Dean John Butler.

Drama Productions Fill Mid-Term Lull

Last week-end proved to be something of the play-goer's undoing. With a welcomed lull in mid-terms, and with the bay-area theatre season at its height, the campus theatre patron found a rare and interesting hazard: too many good plays to be seen in too little time.

"Musts" on every student list, however, were the State Theatre presentation of "The Seagull" and the Actors' Workshop production of "Lysistrata."

"The Seagull" left with its brief struggle at Frederic Burk about as much fussed and furied opinion as did Ibsen's flighty "Wild Duck" of last semester.

Though both the "Seagull" and the "Wild Duck" are close to theatrical suicide, they have survived admirably well.

Among the more convincing roles were Gary Hughes (doing some of his best acting to date) as the old Peter Sorin, Judith Hatie as the romantic Nina Zaretcheny, and Margery Werby as the old actress Irina Arkandina.

Richard Frewin played the weak, confused Konstantin Treplev, Ted Samuel became the successful playwright Boris Trigorin, and Vivian Breslin portrayed the frustrated Masha.

Much of the humor of the tragi-comedy came from the able-acting in the minor roles notably Ray Fry as Doctor Dorn, and James Thursby as the school teacher Medvyedenko.

Others in the cast included William Hostings, Lorraine Roache, Bruce Kemble, Ruthann Hughes, and Lee Samuel. The production was under the student direction of Dion Chesse.

The Actors' Workshop production of Aristophanes' bawdry, satirical "Lysistrata" earned the highest praise given by San Francisco little theatre audiences last Friday evening as it opened its doors to its new theatre and a audience clamoring for "more."

The Actors' Workshop is a play producing subsidiary of the newly organized S.F. Drama Guild and two well-known members of State's faculty are at the helm, Jules Irving, managing director, and Herbert Blau, consulting director.

Many other Staters participate in the Guild's theatre at 87 Elgin street, near the old campus. The play will be repeated October 30, 31 and November 1, 6, 7, and 8.

—By Bob Horn

AFROTC Sponsors Polygraph Tests, Finds Wives Make You Sweat More

"The lie detector is not actually a lie detector. I personally believe that the only true detectors are wives and Lt. Colonels," George W. Harman stated in addressing students at S.F. State last week.

Mr. Harman, director of the San Francisco Laboratories working under John E. Ried and Associates Scientific Personnel Consultants, was sponsored by the AFROTC and introduced to a large group of students by Lt. Colonel McCarthy.

Before giving a demonstration of the lie detector, Mr. Harman explained the uses of the instrument and told of several cases where it had been used.

According to Harman the lie detector measures body responses. The person taking the test may be afraid of being found out and respond in various ways that would not show up physically but would be recorded by the detector.

It is also important that the suspect be interviewed and observed before the test is given so that the questions asked on the test will be clearly understood. If an interview is not given, the suspect may not understand a question and responses would show on the lie detector due to the lack or understanding.

The greatest contribution the lie detector has made is the eliminating of the innocent and cutting down the field of suspects. It has been an invaluable aid in interrogation.

A student was given an actual test. A flexible rubber tube was placed across the chest to indicate respiratory movements, a blood pressure cuff was placed around the arm and sensitive arm rests were put on each side of the chair to record any tightening or twitching of muscles.

A device in the chair seat records movements of leg muscles and sponge rubber pads are clamped around a finger to help record electrical variations in skin surface tension. All of these movements are recorded by the detector.

A card test was given to the student taking the test which consisted of answering a few simple questions. Body responses were recorded by the instrument when the wrong answers were given. Even such simple questions as answering to number combinations is recorded by the machine.—Esther Webber.

Students Eligible for Health Plan; Offers Complete Medical Coverage

Students of S.F. State are now eligible to join a proposed Kaiser Foundation Health Plan Group, Jack Healy, administrator of student affairs, announced.

The student group plan, like the already established faculty plan, offers insurance for the monthly fee of $3.25 for medical and hospital care consisting of the following.

1. Hospital care with room and board, nursing service, use of operating room with necessary blood transfusions and anesthetics.
2. Doctor's care while hospitalized.
3. For a registration fee of one dollar, doctor's care in the office.
4. House calls by the doctor, upon reception of a two dollar registration fee on the first visit.
5. All drugs and medicines without charge for 111 days.
6. X-rays, physical therapy, and laboratory work.
7. Maternity care for $60 if mother has subscribed over 10 months, $140 for less than 10 months. This includes full care of the mother during pregnancy.
8. Removal of tonsils and adenoids.
9. Emergency care for accidents, which occur outside the service area.

All services rendered are free for members of the health group, except for those incidental fees already noted. Included in the plan is insurance for dependents for 30 days of hospital use and doctor's care. Maternity care is offered for $95 and $140 under the same terms as for regular subscribers.

Upon the payment of a registration fee of $2. the membership fees are $3.25 for subscrib- only; $5.70 for subscriber and dependent, and $6.95 for subscriber and two or more dependents.

If not a member of the Associated Students. a subscriber will be charged an additional service charge of 40 cents per month.

Students should contact the ASSFSC Business Office, Hut T-1, new campus, for additional information.

Queen Candidates On Display Soon

As of October 26, the deadline for submitting petitions, five names had been turned into the Business Office as candidates for the Homecoming Queen.

These are: Joan Tournounet, sponsored by Delta Gamma Tau; Mil Warren, sponsored by Alpha Omega; Betty Powers, sponsored by the General Chorus; Alice Fontenot, sponsored by the Rock AC; and Pat Jellet, sponsored by Alpha Chi Alpha and Kappa Omega.

On November 12, at 1 p.m., students will get their first glimpse of the candidates at a rally to be held on that day. Nov. 4, 5, will be the days of the primary while November 12, 13 will be the dates of the finals. The entire Associated Student Body is eligible to vote.

Each candidate is allowed no more than seven posters, 14 inches by 28 inches; their publicity must not cost them more than $25; and the candidates must have paid a $5 entrance fee before beginning their campaign. Co-chairman for the Homecoming Queen Committee are Rosemary Jacobs and Dorrie Van Landingham.

State to Host IRC Conference

Elected to serve as host by 23 Northern California and Nevada colleges and universities, San Francisco State College will serve as the site for the spring, 1954, Association of International Relations Clubs Conference.

At last week's conference held at the College of the Sequoias. Visalia, California, the representatives present elected Sami Judah, Member-at-Large of our college to vice president of the forthcoming spring affair.

Also present as a delegate to the two-day meeting was Adullah Younessi. Both delegates took part in the panel discussion entitled "The Near and Middle East."

As the official host of the next conference, the International Relations Club must elect a president who will be in charge of the entire program.

Sami Judah, president of the International Relations Club at our college, announced that nominations for the conference leadership will take place at the next regular meeting of the club.

Board of Control By-Laws Amended

The first amendment to the brand-new By-Laws of the Associated Students was passed last Tuesday by the Board of Directors.

A suggestion brought forth last semester to include managers of both the Bookstore and the Food Service as ex-officio members of the Board of Control was finally passed.

It now takes two meetings of the Board of Directors to amend the By-Laws: the proposed motion is made at the first meeting and a committee is appointed to study the amendment; their recommendations are brought to the second meeting, and the vote is taken.

New $25,000 Student-Owned Bookstore Schedueld for Completion Soon

Few people know the history of the ASSFSC Bookstore now nearing completion on the new campus. Originally it was recommended that two of the old barracks buildings on the old campus be used temporarily as the Bookstore quarters. They were then to be moved to the new campus and located south of the College Union and east of the Music-Speech Building. However, two important factors prevented this plan from taking effect. The first was the need for faculty office space and also that the area of the two barracks was too small to provide for economical bookstore operations.

It was then suggested to Jack Healy, the Administrator of Student Affairs and Miss Wilde, manager of the Bokstore, that they consider building their own Bookstore on the new campus. To everyone's amazement, this plan was welcomed with open arms by both Jack and Miss Wilde.

The building located just behind the College Union and north of the Fine Arts Building is going to be the new Bookstore. It is 50 feet wide and 80 feet long with the construction consisting of reinforced concrete, except for the roof. Possibly in the future that too may be made of fire proof concrete. The total cost of the building will be $25,000. Completion of the actual structure will be in about a week although the completion of the interior will take longer.

New Scholarships, Fellowships Open

Opportunities to study abroad for the 1954-55 academic year is now offered students through the Marshall Scholarships and under the Fulbright Act.

Eligibility for the award are: 1) must be a citizen of the United States, 2) candidate must be under 28 years of age in the year in which the award will be taken up, and 3) must be graduate of a degree-granting college or university of the United States, accredited by the appropriate United States regional board.

Applications for the Marshall Scholarships may be obtained from the British Consulate-General, 310 Sansome street, San Francisco 4, California. They must be filed by November 1.

GRIDDERS WADE INTO WAVES

Chico Stomps Gators 13-0 Passes Lead to Downfall

Gomez Leads Purple and Gold With Top Rushing Average; Duncan Off

By HAL GRANT

Two 20 yard touchdown passes by Wildcat quarterback Hal Higgins defeated San Francisco State 13-0 last Saturday night on Chico's College Field.

A partisan crowd of 3,000 fans watched Higgins complete a 20 yard aerial to Norm McKenzie in the end zone on the fourth play of the game to initiate the scoring.

INTERCEPTED PASS

The TD was set up when halfback Frank Ferrauiolo intercepted a Duncan pass on the Chico 20. Ferrauiolo scooted 55 yards to the San Francisco 25, where three plays later, McKenzie scored. Dick Storm, Gator fullback, blocked the P.A.T.

The final score of the evening came late in the fourth quarter culminating a nine play, 47 yard Chico drive. Higgins passed 20 yards to right-half Ron Temple in the end zone for six more markers. Higgin's P.A.T. attempt was good.

PASS INTERCEPTIONS

San Francisco State had a decided edge in the statistics department Friday, but poor punt defense and three pass interceptions at crucial moments proved to be the Gators downfall.

Maury Duncan, San Francisco's little All-American candidate was rushed all evening by a hard charging Wildcat line. He was able to complete only eight out of 23 attempts for a total net of 89 yards, the poorest average in his two year passing career.

Gator backs were bottled up during the whole contest. Fullback Walt Gomez led the forward attack with 43 yards in seven tries for a 6.2 average. Harry Bremond and Rudy Smith followed with 2.3 averages on 14 and 22 carries respectively.

GROUND ATTACK

Leading Chico's running attack was Bobby Gloyd from Sacramento who chalked up 36 yards in 10 attempts for a 3.6 average.

The Wildcats were also forced to overcome a weight handicap of five pounds per man.

Chico's victory Friday night, gave the Wildcats a 9-8 advantage in the 17 year rivalry. Prior to last week's contest Chico had failed to win a contest from State since 1948 when the 'Cats edged a weak Gator eleven 6-0.

STATISTICS

	S.F. State	Chico

Tuesday Evening Boxing Class

Boxing Coach Bob Troppman has announced that there will be a recreational boxing class in conjunction with P.E. 55.5 .

The class will be held on Tuesday nights, from 7-9 p.m.; in the boxing room at the men's gym.

Harriers Hit Road For Spartan Lair

San Francisco State's once-beaten cross country squad travels to San Jose this afternoon to take on the undefeated Spartans from San Jose State.

The Gators, who dropped a three way meet to Cal Poly and Modesto J.C. on October 16th, will be strengthened by Gary Quick, a 2:02 880 man from Chowchilla High. Gary, a freshman, missed the first meet because of illness.

Other State runners slated to make the trip are Jim Shettler, individual winner in the Cal Poly meet; Warren Fairbanks, Robert Bishop, Bert Phillips, Al Schenoza, and Welton Moore.

San Jose State's distance team will be composed of a promising group of freshmen according to Bud Winter, Spartan coach.

Booters Downed; To Meet Broncos

Downed last week by surprising CCSF, 4-2, the Gator soccermen aim for a tie in third place as they pit themselves against the Santa Clara Broncos at Santa Clara tomorrow.

In last Saturday's contest against the Citymen, the Gator's Anderson scored twice after Coach Bridgeman had shifted the big booter from fullback to the center-half position. Anderson's height should gain added scoring punch for the Gators, although weakening the defense.

"Although we appear to be the weak sister in the league, we're actually not," said Bridgeman. "This league this season is the strongest, overall, of any that I have seen in recent years."

Promising a comeback, Bridgeman stated that the second half of the league should provide many surprises and should see the Gators, with added experience among the new men, knock over a few of the top teams.

Gators, Pepperdine To Attempt Comeback Trail

Sportrait

By LEROY PACINI

George Wehner, State's glue-fingered right end, has been chosen this week's outstanding player on the strength of his performance last week against Chico State.

The 5 foot 11 inch, 185 pound senior end was, as usual, Maury Duncan's chief passing target last Saturday night. Wehner has caught more than 40 per cent of Duncan's completed passes this season, and gained about 60 per cent of the yardage on completed passes.

To say that Duncan could not get along without Wehner, would be unfair to Maury. To say that Wehner would not be compiling such records without Duncan would also be unfair. They're great performers individually, but more effective working together.

If it weren't for the workings of fate, Wehner would not have teamed with Duncan to give State its passing attack. The Gators have St. Mary's decision to quit football to thank for the gift of George Wehner.

When George graduated from St. Ignatius High school of San Francisco where he starred at end, he enrolled at St. Mary's. But when the Gails called it quits, George decided to transfer from the big name school, and come to State.

When Wehner reported last year, he found himself faced with some rugged competition in Merrill Jacobs, who later made Little All Coast, and Al Endriss, who at the time was being boomed for the same honors. Still playing under the two platoon system, however, Coach Verducci found a place for George as a defensive flankman.

Wehner asserted himself to his new job and played a tremendous game of defense. When Endriss was declared ineligible in early season, George not only took over for Al at his offensive spot, but he also held down his own defensive position. His performance for the season resulted in his placement on the Little All Coast second string squad of 1952.

Tomorrow night the Golden Gators wade into Pepperdine Waves in the last home football game of the season for the Orange and Blue.

Both teams will be trying to hit the comeback trail in what should prove to be a very evenly matched contest. Last week, while San Francisco was suffering a 13-0 upset at the hands of Chico State, the Waves played doormat to Cal Poly, losing to the Mustangs 45-0.

CLASSY BACKS

Standout players on a squad that features 23 lettermen are two tackles, Jerry Bell, all California Collegiate Athletic League first stringer in '52 and Virgil Elwiss an All-American Junior College player from Riverside J.C.

Pepperdine also boasts a pair of classy backs in Bob Lampshire and Howard Decker.

The Waves, hoping to avenge last year's loss to State, will be out to beat the locals. Offensively, the Orange and Blue works from a tight T formation, working well regardless of pressure. Among their most effective plays, is the off tackle with which they have piled up yardage all season.

PRESSURE TEAM

Pepperdine is very aggresive, and fired up, the hard charging line could give the Staters a very bad time. Pepperdine's defensive line has a habit of applying pressure to their opponents' punters.

San Francisco State. however, will not be caught asleep in this contest.

Having learned how costly it is to be outhustled, the Golden Tide should be ready to go rip-roaring into the Pepperdine gridiron machine.—Dave Krug.

Water Poloists in Third Straight Win

Seeking their fifth win of the season, the Gator Water Polo team hosts the California Maritime Academy tonight at 7 p.m. The Franciscans hope to make it two in a row over the Academy, as State sunk that opponent 14-5 in their season opener.

The Purple and Gold scored victories against their first three foes, downing Santa Clara 9-1 and the Olympic Club "B" team 9-8, after their first contest with the Maritime Academy.

The season's first setback came at the hands of the University of California JV's, 11-3, and this was followed by a State victory over the San Francisco YMCA 15-4.

Leading the scoring for State, so far, has been Norm Cady, who has scored 15 points in 5 games. Norm Stupfel is another high point man, and although he missed the YMCA game, has totaled 8 digits. John Schmitt has seven goals to his credit.

Coach Hardin feels that this is the strongest water polo team State has yet fielded. This is only the third season that this sport has been part of the sports program at State. It was introduced when the new pool was completed.

Oh Happy Day, Jayvee Gridders Down College of Marin, 19-13

An outstanding upset was recorded last Friday night in Kentfield, California, when State's J.V. gridders downed the College of Marin Tars, 19-13. Although they got off to a quick start, scoring twice before the Mariners could begin to move, the tables were nearly turned on the Baby Gators later in the game. The Purple and Gold was able, however, to squeak by Marin in the waning minutes of play when Vince Rafello carried the pigskin over from the 12 yard line.

San Francisco's initial score came soon after the Gators blocked a Marin punt in the first period. Vince Rafello drove five yards for paydirt on the ensuing play. The attempt at a conversion was not good.

In the early minutes of the second stanza, State's invaders of the North Bay, broke into the scoring column, once again, when Marv Tolson completed a 35 yard pass to Jack Sanders who ran into the end zone.

Marin, out for her first win of the season, had other plans for the Gators, however. Sparked by Jimmy Clahan, Marin's freshman quarterback, the Tars engineered a touchdown drive which was climaxed when fullback Jack Jennings plowed over from three yards out, to make the halftime score 12-6 in favor of the visitors.

Marin forged into the lead in the third quarter when Dick Matthews raced 25 yards to State's six, a penalty put it on the one and then Matthews bucked over for the tying touchdown. Clahan booted the point to put Marin in the lead 13-12.

The score remained 13-12 until the late moments of the final period. Marin threatened once more, but the San Franciscans held their own, and drove down the field themselves, setting up Rafello's game winning touchdown. Marv Tolson booted the extra point.

Boxers Prepping For Tournament

Interest is now mounting over the All-College-Boxing-Tournament which will be held at the end of the year.

All participants must be sponsored by a woman's organization on campus, which will give the girls a chance to have a man fight over them. The organization may sponsor as many men as they wish.

One point will be given to the organization for entrance and three for a champion. The most accumulative points will bring the organization a perpetual trophy, which may be seen, along with other awards, in the trophy case at the gym.

Preliminaries will be held on November 17-19 and November 24. The semi-finals will be on November 30th and December 2nd. Finals time comes around December 9th.

Golfers Meet Today

State's intercollegiate golfers will meet today at 2 p.m. in gym 5M. The purpose of the meeting will be to greet all those who are interested in playing on State's golf team next semester.

According to Coach Guido de Ghetaldi, State's prospects for a good golf season seem good. New freshmen with great talent will bolster the squad.

There will not be an intermural golf meeting at the same time, as was previously announced.

Swimming Meets And Recreation In State's Pool

By DAVE KRUG

San Francisco State College prides itself on having fine athletic facilities. One of the most important of these facilities is the swimming pool in the gym on the new campus. This pool is used for athletic contests of both the swimming and water polo teams, but it also is used for recreational purposes.

Too many State students either do not know that the pool is open to their use, or they just do not they can use the tank for they can use the swinng tank for recreation, for although the gym and the tennis courts are almost always occupied, the pool actually goes wanting for more students to enjoy its water.

Any student at S.F. State is entitled to use the pool. All one must do is to present evidence of being enrolled in the college, that is, limited students show their library cards and regular students show their health cards. The only gear needed is swimming caps for the women.

The hours during which the pool is open for recreation are as follows:

Monday—11 to 1. Tuesday—1 to 2. Wednesday—11 to 12. Thursday—1 to 2. Friday—9 to 3. Tuesday evenings—7 to 9.

MY SIDE

By KEITH PINCKNEY

AN OVERDUE PROMOTION . . .

Last week I had Ed Cereghino pitching in the AAA American Association for Kansas City. Evidently Cereghino's promotion by this column came before the New York Yankees saw fit to move the big pitcher up from the Class A Eastern League where he toiled to a 11-3 record.

FOUR YEARS? . . .

Noel Mertens, now at San Francisco State College, holds a modern record in the baseball world. Basing his hopes on his record, he is contemplating going out for baseball this spring. What's his record? Mertens, from St. Ignatius High school, is the only horsehider in San Francisco high school baseball history to play four years of jayvee baseball.

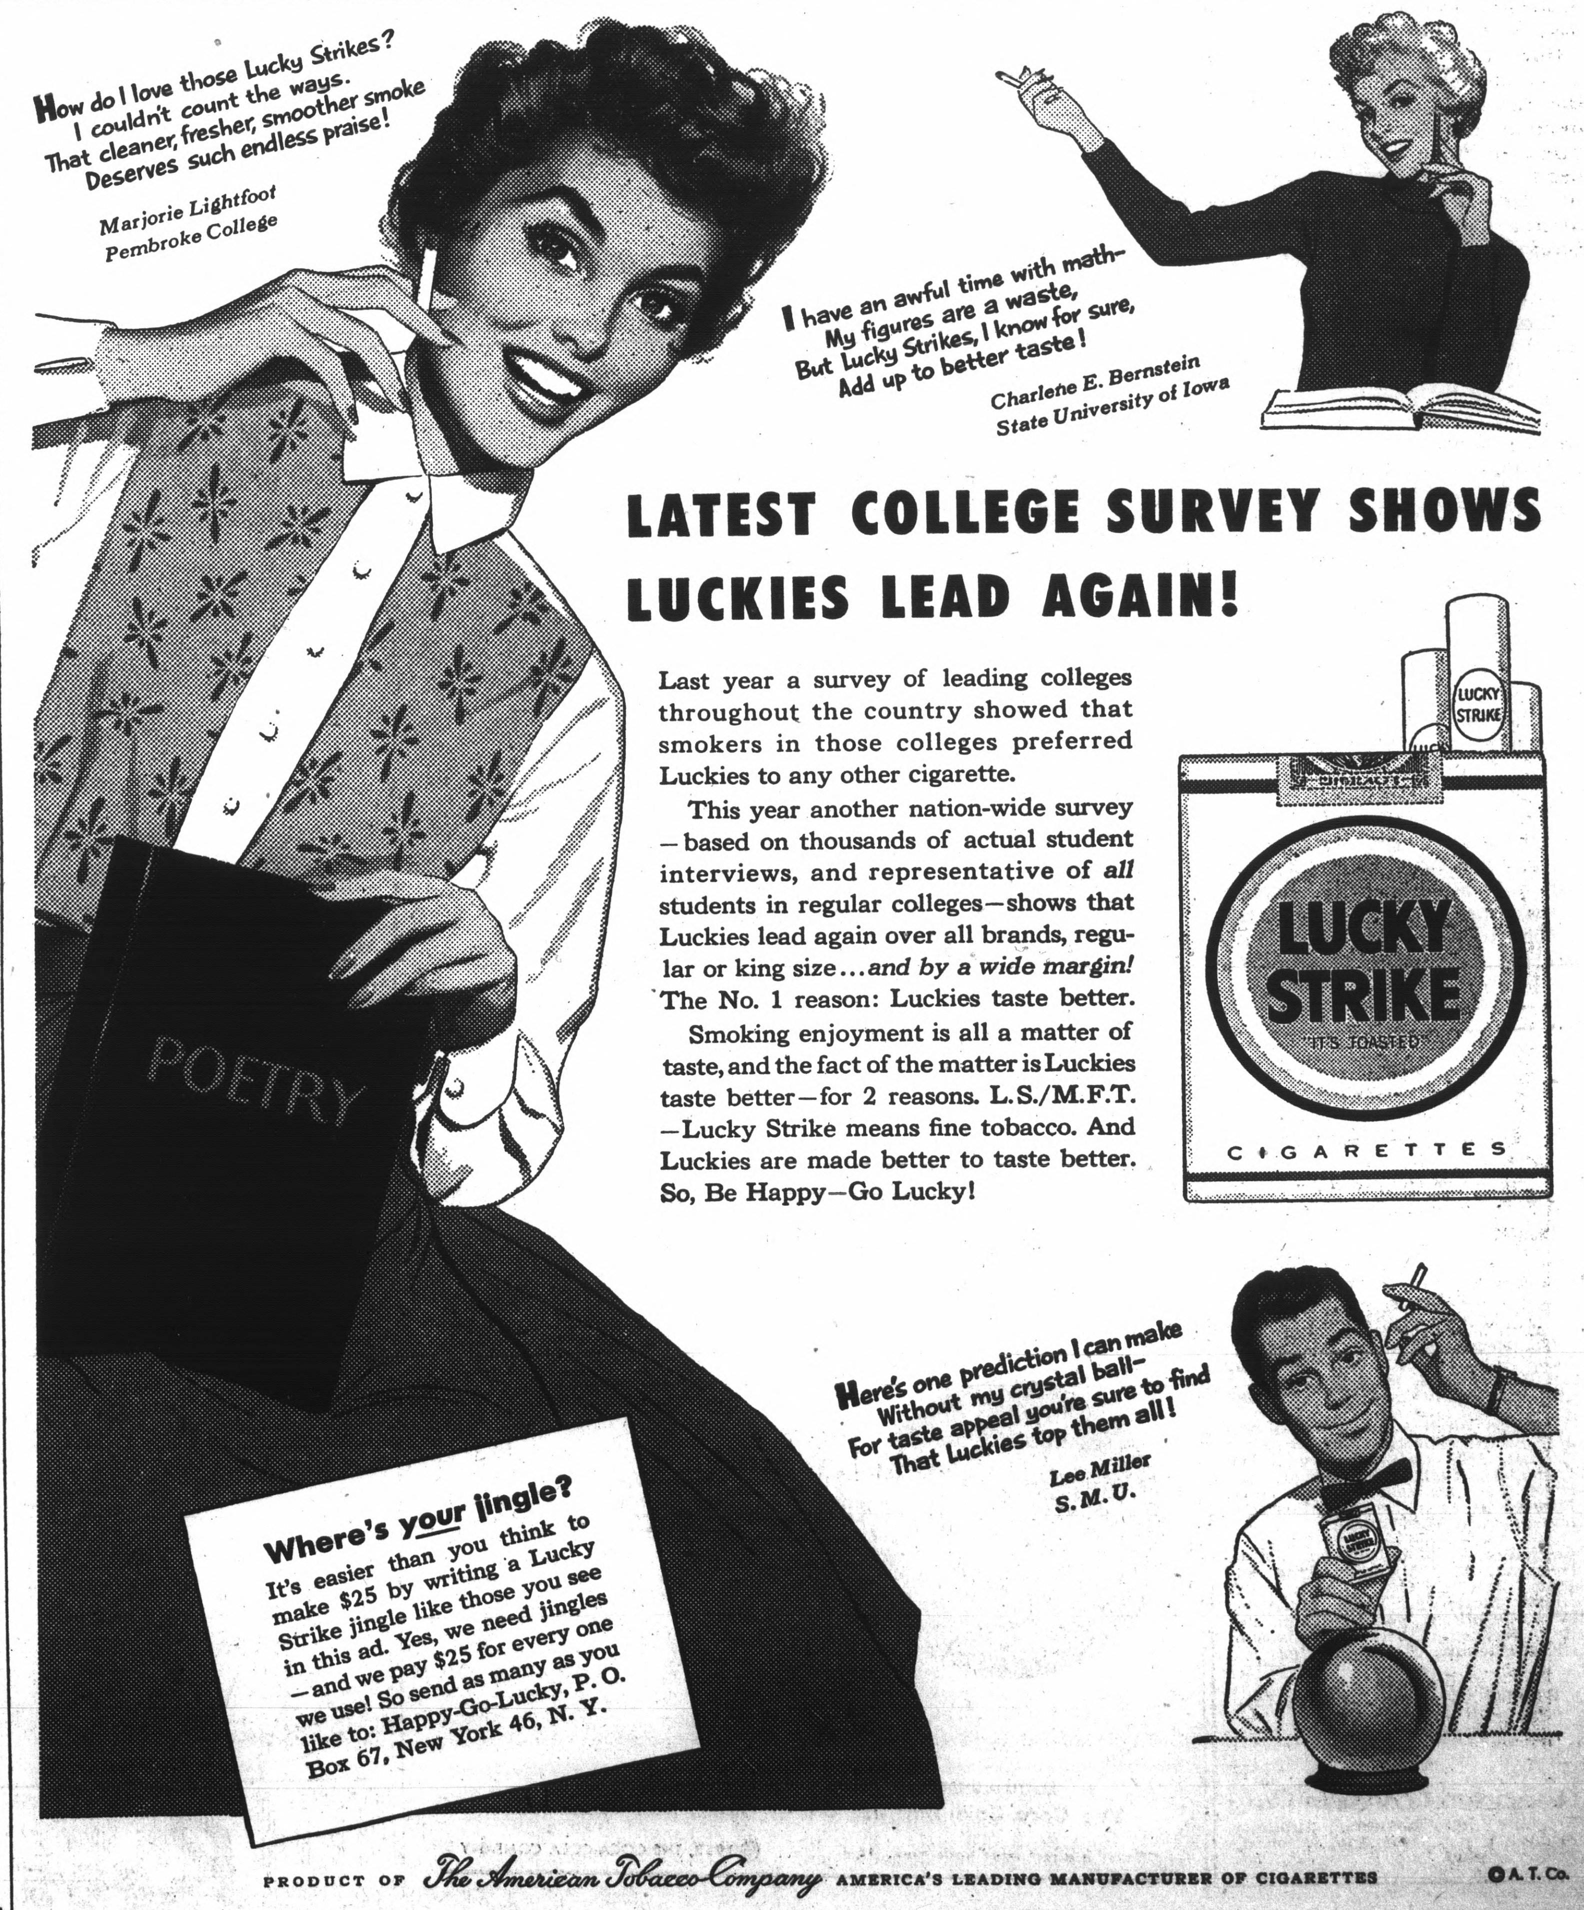
ALL-AMERICAN GHOST

The Chico Wildcat star end, George Maderos, was getting more attention than he deserved last Saturday. Maderos, who is being pushed for little all-American honors by the hometown publicists, was announced from the announcers booth as making tackle after tackle. S.F. State observers wondered at the fact that the great Mr. M wasn't even in the contest for much of the time during which he was being credited with outstanding stops.

Boxing Coach Optimistic For Coming Season

Boxing Coach Bob Troppman is convinced that he has one of the strongest, if not the strongest, boxing teams in State history.

With Jerry Harper, perhaps his best prospect, in the 175 pound class, Bob Carrillo, last year's Intercollegiate Lightweight Boxing Champ of Northern California, fighting in the 125-pound class, John Fawcett, who will at the conclusion of the season become State's first 'blanket award" winner, boxing in the 132 pound class, and Dick Kelley, who looks like a champ at 156 pounds, State has a strong nucleus for the coming campaign, which could prove to be a very fruitful one.



How do I love those Lucky Strikes?
I couldn't count the ways.
That cleaner, fresher, smoother smoke
Deserves such endless praise!

Marjorie Lightfoot
Pembroke College

I have an awful time with math—
My figures are a waste,
But Lucky Strikes, I know for sure,
Add up to better taste!

Charlene E. Bernstein
State University of Iowa

LATEST COLLEGE SURVEY SHOWS LUCKIES LEAD AGAIN!

Last year a survey of leading colleges throughout the country showed that smokers in those colleges preferred Luckies to any other cigarette.

This year another nation-wide survey—based on thousands of actual student interviews, and representative of *all* students in regular colleges—shows that Luckies lead again over all brands, regular or king size... *and by a wide margin!* The No. 1 reason: Luckies taste better.

Smoking enjoyment is all a matter of taste, and the fact of the matter is Luckies taste better—for 2 reasons. L.S./M.F.T.—Lucky Strike means fine tobacco. And Luckies are made better to taste better. So, Be Happy—Go Lucky!

Here's one prediction I can make
Without my crystal ball—
For taste appeal you're sure to find
That Luckies top them all!

Lee Miller
S. M. U.

Where's your jingle?

It's easier than you think to make $25 by writing a Lucky Strike jingle like those you see in this ad. Yes, we need jingles—and we pay $25 for every one we use! So send as many as you like to: Happy-Go-Lucky, P. O. Box 67, New York 46, N. Y.

OFFICIAL COLLEGE ANNOUNCEMENT

The following revisions in campus parking regulations went into effect on Monday, October 26, 1953.

1. The parking lot on Holloway avenue is to be used by **students only.** No student parking stickers will be required and no stickers will be issued to students in the future. Parking in this area will be on a first come basis. When this area is filled, students driving cars will of necessity have to park off campus until such time as the large parking area west of the stadium has been completed. No student parking or driving will be permitted on campus roads. These roads must remain open for pedestrian traffic, service vehicles and fire protection.

2. Campus parking areas, other than the one on Holloway avenue west of the library that is for student use exclusively, are to be used **only by faculty, staff and administrative officers who obtain faculty parking stickers. The specific parking regulations for faculty and staff parking will be publicized in the next issue of Faculty Footnotes.)**

3. The foregoing regulations will be in effect until the hour of 5:00 p.m. on each week day, Monday through Friday. For evening classes and far evening campus events students, faculty and guests may use both the parking area on Holloway avenue west of the library and the parking area on 19th avenue east of the science building. No other parking areas on the campus will be available for such use.

4. The road through the housing area from Tapia Drive is NOT A THROUGH STREET. Do not enter the campus by this route. This restriction is imperative to safeguard the children living in the housing area and attending the Lake Merced Elementary school.

Institute Sponsors Music Program

San Francisco's musico-public will turn out tonight to meet the unusual and unused talents of some of this nation's potential citizens at a special musicale being sponsored by the International Institute of San Francisco.

As glittering and as special as some of the promised talent is the free invitation of all State students and faculty being extended by the Institute. The program is to be held at 2209 Van Ness avenue at 8 p.m.

Dr. Gerald T. White, State associate professor of history, is the chairman of the advisory committee of the International Institute which last year organized a Cultural and Educational Project program for Soviet Exiles. The project was recently granted a fund whereby the scopes of the projects were widened to give community recognition to Soviet Exiles artists and musicians by presenting them in concerts, recitals, and other types of programs.

Tonight's program is only one phase of a large concert to be presented by the Institute in the spring of 1954.

CAA Meet Monday May Put Clubs Off-Campus

The Club Advisory Association will hold an important meeting Monday evening, November 1, 7:30 p.m. at S201, according to Mary Courtney, corresponding secretary of the C.A.A.

The Association by-laws stipulate that any organization missing two meetings over a semester will be automatically declared off-campus. Any organizations which missed the last C.A.A. meeting who miss Monday face the loss of on-campus status.

VISITING LECTURER DEMONSTRATES PRINTS

A demonstration of printing by means of wood blocks was given October 13 by Tasho Yoshida to a group of students and faculty members at San Francisco State.

This is his first trip to the United States and his first appearance in a series of lectures at various universities and colleges throughout the United States.

Mr. Yoshida demonstrated the cutting of various wood blocks needed to make a print and he showed the actual print making by means of a "Japanese printing machine," which is a simple circular pad rubbed across the print.

He applied various colors to a single wood block to get special effects showing pigments he used which are water pigments rather than oil as used in the United States.

STUDENTS VOICE STIFF OBJECTION!

We've been told Mr. Wendell Johnson of the Language Arts Dept. is having very poor attendance in his writing lab.

It seems that the lab is taught in biology lab which is a little too realistic. Because he has no chair, Johnson sits on a chest containing a human cadaver in a long, winding sheet.

Oddly enough, Johnson is urgently appealing for a new room in order to regain lost students.

ALPHA MU GAMMA

Alpha Mu Gamma will hold its meeting November 5, at 1 p.m., in the Administration Building's Activities Room.

Due to the deeply felt death of Patricia Crossett, it was decided at the last meeting, the scholarship that A.M.T. gives every year will now be called the Pat Crossett Scholarship in her memory.

During the meeting on November 3, Mrs. Witt Diamant will speak on her trip to Europe.

The Humanities Division is cordially invited and those who may be interested.

CHANNING CLUB

Claude Crownover was elected president of Channing Club last week. Others that won were Ruth Levin for the position of vice president and Sheila Crofut for secretary-treasurer.

The next meeting of the group on Thursday, November 5, will be held at the Unitarian church on Geary and Franklin streets in San Francisco.

BIB N' TUCKER

Bib 'n' Tucker will hold their annual cake sale next week on November 2 in front of the new campus gym. President Evie Benson announced that the cakes will be on sale for the entire day.

FORMER INSTRUCTOR PUBLISHES BOOK

Mr. O'Neal, former music instructor and conductor of the string orchestra, now has a recently completed handbook, "Care and Maintenance of Stringed Instruments," on sale.

While a member of Teachers College of Columbia staff, he is working on his doctorate in music.

The College Book Store is now selling his latest music handbook.
